

(Revised: February 5, 2023)

ALTERNATIVE LIST OF ADJACENT LODGING
FOR THE GSL FINALE IN SALT LAKE CITY

1). The list of lodging, below, is prepared for GSL Finale Participants because there are no more rooms in the Salt Lake City Sheraton Hotel. The list below is distributed only to give a list of facilities within a relatively short distance to the Sheraton – often within half a Salt Lake City block.

The phone numbers listed below are those specified by the alternative hotel or motel – if a number doesn't work, please do your own research (no assistance is available from GSL staff).

2). Neither GSL nor the International Model Car Builders' Museum make any representation to the suitability of any of the hotel listings below. Each attendee must make her/his own reservations – GSL does not offer any services in that regard.

3). GSL doesn't have any idea whether there is any shuttle to or from the Salt Lake City airport offered by any the hotels or motels listed below.

4). The cost of these alternative lodging facilities are the sole responsibility of the GSL attendee – no portion of any overnight costs are covered by any money paid to GSL.

5). We have not checked on the price of any room in any of the hotels listed below.

6). We have no opinion whether rooms are available on this date, or what "level" of rooms may be available.
